

## Pueblos Mágicos:

# DISCOVER MEXICO'S MAGICAL TOWNS

Winter is peak season in Mexico and many of our members will be spending a week or more at one of our Club Regina resorts. There are many great day or overnight trips to be had with Club Regina as your home base. Among the many options are Pueblos Mágicos, special and unique towns that deserve your attention.

Talk to our concierge when you arrive- whether you choose to rent a car and drive yourself, or take an organized tour- we encourage you to discover the magic of these towns for yourself!

### What is a Pueblo Mágico?

Meaning "magic town" in Spanish, the Pueblos Mágicos designation is awarded by the Mexican Ministry of Tourism to small towns throughout Mexico that offer a 'magical' experience through their natural beauty, cultural heritage or historical relevance. The title is given to honor and preserve the local legends and historical significance of the places deemed best to visit throughout Mexico. Each year, the Ministry of Tourism reevaluates the list – and some towns are added, while some get removed. Those who make the list are awarded funds to help maintain their history and charm.

### How do towns become Pueblo Mágico?

Many things are evaluated, but there are three key elements required to become a Pueblo Mágico.

The first relates to the image of the town which must contain a certain level of architectural and visually pleasing qualities. In fact, facades, roofs and balconies of buildings in a Pueblo Mágico need to be painted in a single color selected from seven colors which have been approved by the National Institute of Anthropology and History.

Secondly, the town should possess a local cultural identity, and there is a focus on locally made handicrafts and maintaining traditional ways of life even in today's modern times.

Lastly, the third criterion relates to the village environment and surroundings. A Pueblo Mágico has to contain a beautiful village square or scenic surroundings, and contain at least one major attraction that differs from those in other communities in the area.

### How many Pueblos Mágicos are there?

With the latest inductees added in December of 2020, there are now 132 across Mexico with at least one represented in every state. And fortunately for Raintree, there is at least one magical town within driving distance from each of our Club Regina Resorts!

### Club Regina Los Cabos TODOS SANTOS, 1 1/4 HOURS AWAY

Follow highway 19 along the coast about an hour from Cabo San Lucas and you will find Todos Santos, a Pueblo Magico since 2006, situated at the foothills of the Sierra de la Laguna Mountains. A true oasis in the middle of a desert peninsula, this quaint town was once a Spanish Mission and major producer of sugar cane. Today it offers an active cultural life, friendly atmosphere and laid-back approach to life, and is mostly populated by artists, surfers, and expats who come to Todos Santos for inspiration. Wander the cobblestone streets and visit museums, galleries, boutiques filled with unique souvenirs, or even the Hotel California- which according to local legend- is the one that inspired the hit song by the Eagles.

Todos Santos offers a special experience for all types of travelers. With everything from pristine beaches with ideal surfing waves, to old sugar baron estates that have been converted to quaint nooks, cafes, and art galleries, it is the quintessential 'bohemian capital of Baja'.

### Club Regina Puerto Vallarta, Jalisco SAN SEBASTIAN DEL OESTE, 1 1/2 HOURS AWAY

A Pueblo Magico since 2011, San Sebastian is about 90 minutes from Puerto Vallarta located at the foot of the Western Sierra Madre Mountains. Once the most important mining city with many residents, today there are only around 600 who have stayed to preserve this special relic. The picturesque town will transport you to an old wild west movie with its cobblestone streets flanked by trees, white buildings, and old adobe houses.

San Sebastian is a great spot for foodies where you can sample unique local treats and is also home to a distillery that produces mescal from the locally grown agave lechuguilla plant. One of San Sebastian's greatest highlights is the Cerro de la Bufa, 8,000 feet above sea level, boasting stunning panoramic views of Banderas Bay and incredible sunsets.

The drive to San Sebastian itself is visually stunning as you wind your way up into the jungle-covered hills and turn onto the cobblestone road that leads into town. All in all, you'll be struck by the beautiful scenery and enthralling legends that make San Sebastian del Oeste so magical.

### Club Regina Cancun ISLA MUJERES, 1 HOUR AWAY

Named a Pueblo Magico in 2015, Isla Mujeres is a haven of turquoise waters. Just a 25-minute ferry away from Cancun, you will find this small island, surrounded by coral reefs, the perfect place to relax with or venture into the splendor of the sea. There you can practice snorkeling, where you can see a diversity of plants and numerous species of aquatic animals, or you can relax and wade in the shallow, crystal clear waters.

In addition to some of the world's most beautiful beaches, you will also find a wide variety of restaurants and bars to eat and spend a pleasant afternoon. Because Isla Mujeres is a small island – about four miles long and less than a half-mile wide – it is wonderfully accessible and can easily be explored on foot, bicycle, or golf cart. Long ago a hiding place for pirates, today this Caribbean gem has become island life personified.

# Member Story

## Dennis Yanchycki At Club Regina Puerto Vallarta

### How long have you been coming to Club Regina Puerto Vallarta? Do you have a favorite time of year to go?

4 years. We typically arrive shortly after celebrating Ukrainian Christmas (Jan 7) with the family and stay until early/mid March.

### What makes this resort so special that that keeps you coming back?

Several things:

- The resort employees - seems nobody there ever has a bad day. Everyone is always smiling with a warm greeting, from the groundskeepers to the front desk.
- The weather - it's rare to get a rainy day when we are there. Always sunny and just the right temperature.
- Whale watching - whales seem to like the waters in front of the resort. We can watch them from the comfort of our suite or a beach lounger.
- Morning walks - Club Regina is at one end of a string of hotels in the marina area, which makes it great to go for morning walks along the Ocean.
- The Marina district - we love doing evening walks to the marina which has a full array of restaurants and boutique stores to visit. For amenities Walmart is close by and there is a great local market just north of Walmart to pick up fresh local produce, fish, etc.
- Convenience - within 15 minutes after leaving the airport we are at the resort. We always purchase the airport pickup/drop off shuttle service arranged by Club Regina.

### Do you have a favorite meal, drink, or activity at the resort?

We like participating in some of the daily activities arranged by the resort such as kayaking, paddleboarding, bicycle rides, chef's cooking demonstration, tequila tasting, and even piñata making. Daily bingo is also fun especially when we win a free drink - the Margaritas are excellent!

### Any special memories at the resort that stand out over the years?

Watching the whales is always amazing. Also watching the fireworks along different resorts at night from our suite is great. We really like family day which occurs once a year at the resort, where we get to meet the families of the employees and sample some of their favorite food snacks.

### How would you describe Puerto Vallarta?

We would best describe Puerto Vallarta as friendly and safe. There are many things nearby to visit or do, from the botanical gardens to the markets in PV and Bucerias.

### What is on your 'must do' list each year when you are in PVR?

An annual outing is to do day trips to some amazing beaches like Destiladeras Beach (5 miles past Bucerias) and watching surfers and the sunset at Sayulita while having dinner on the second-floor balcony of the Don Pedros restaurant.

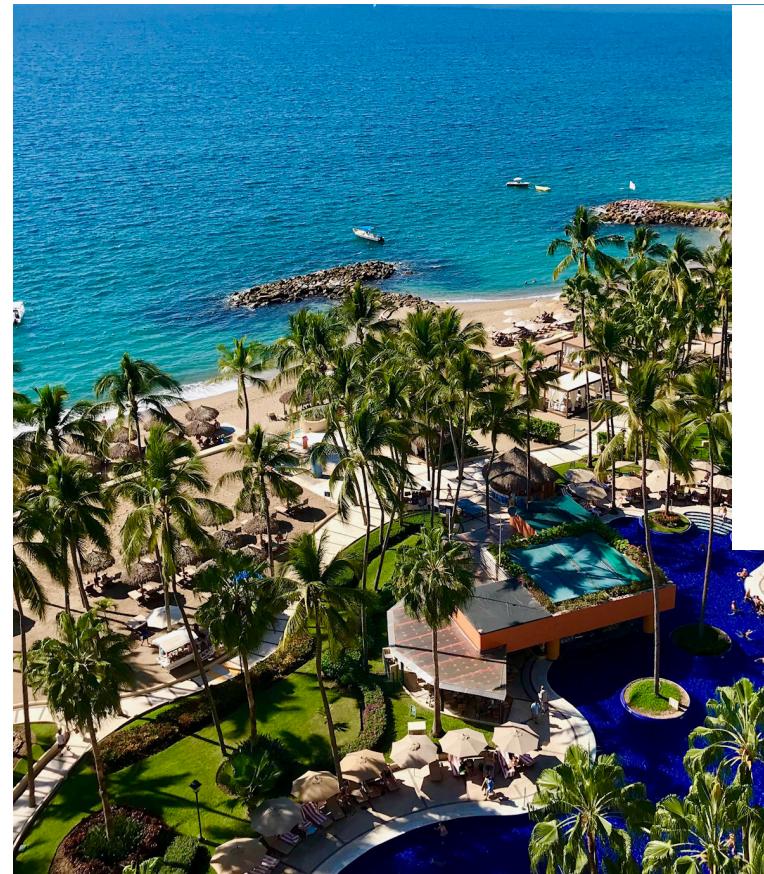

### Tell us about your experience with the Raintree community.

There are so many great employees at the resort from Mia and Rosa at the activities booth, to front desk manager Cesar who does everything he can to make sure our stay is the best it can be, to the bellhops who are always friendly and willing to help.

One employee we keep in touch with is Jamie. We found out he knew friends of ours back home that he also visited in Canada. He and his wife were meeting them for dinner one night and invited us to join them - it was a great evening at a nice restaurant off the tourist path!

### How has your Raintree membership impacted your family's life?

We really like the convenience of going to the same resort each year. We have done our share of travelling to and exploring different destinations and while that too is fun, we have grown the appreciate going to the same place every year where we are instantly familiar with the area and can immediately kick into a relaxing vacation - much like having a cabin at the lake.

## Staff Spotlight

### Jimmy López

Entertainment Manager at Club Regina Cancun

**How long have you been working with Raintree?** Since 2017.

**What has prepared you to be a good entertainment leader?** I've been involved in the activities and entertainment field since 2003 working for cruises, boats, hotels, and luxury resorts. Discipline and dedication are important and I've always made sure to learn from those who surround me.

**What do you like most about your job?** The thing I like most about my job is getting to make people happy by sharing activities and making memorable vacations. I love everything related to my job!

**What is your favorite activity to lead?** I love all activities, but my favorite is beach volleyball.

**What's your favorite time of day, day of the week, or season at the resort?** I like Mondays, Wednesdays, and Fridays because we may have special events like the Mayan, Mexican, and Caribbean shows. They're a great opportunity to share good times with guests.

**Tell us a "best kept secret" of the resort that most guests might not know about.** Our best kept secret is our strategy to work as a team- all the departments collaborate to offer an excellent service, and we have fun together. It makes a great work environment.

**Do you have any special memories with Members that stand out over the years?** Yes, many! Some members have become friends and we enjoy outings to Buena Barra and other favorite restaurants. I've had good times having dinner with the Chunko family, eating pizza with the Izmo family, and fun times with the Eisenhower family in Isla Mujeres and Plaza La Isla. There's many more, and it's always great when these families who've become friends visit us.

**What are some of your favorite things about living in Cancun?** The beach, the malls, the food, the people, and being able to travel to places like Merida, Valladolid, and the Bacalar Lagoon.

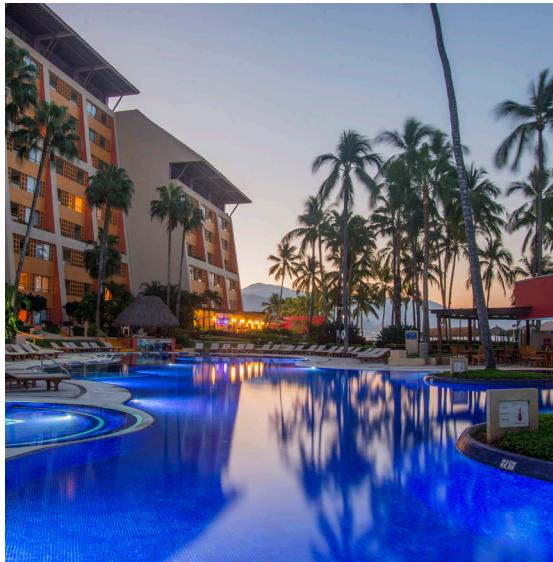

**What are some things you'd recommend to do in the area that most tourists might not know about?** To visit places around Cancun like the Magical Towns, the Cenotes, local restaurants and discover other beaches like Playa Mamitas in Playa del Carmen. Also to visit archeological places like Chichen Itza, Tulum, and parks like Xcaret and Xplor.

**Tell us about your family. What will you be doing for the holidays this year?** My partner, Iza, and I have two children: Evan and Angel. I also have three brothers and my dad, Juan, who has a small ranch in Yucatan. For Christmas we'll have dinner and exchange gifts like chocolates, clothes, or toys. We celebrate with the whole family and usually do either a big turkey dinner or a day of grilling.

**What's one thing Members might be surprised to learn about you?** That I am a person who is always willing to listen to and to support you. The best thing is seeing members return each year, and enjoying the activities. If they're having fun, I'm having fun!
